

BUSHMAN®
Spring/Summer 2026

Die neue **BUSHMAN** Frühjahr/Sommer Kollektion 2026 fängt die Energie der glühenden Savanne, den Kontrast von Licht und Schatten und die Ruhe endloser Horizonte ein. Das Hauptthema Afrika zieht sich durch die gesamte Kollektion – von der Farbpalette über die Prints (darunter das charakteristische Zebra Motiv von BUSHMAN) bis hin zu den Materialien, die Bewegungsfreiheit neu definieren. Neben markanten, von der wilden Natur inspirierten Neuheiten feiern auch ikonische Modelle ihr Comeback.

The Breezy II hat is made in South Africa from a combination of leather and practical mesh for ventilation.

The classic Tamaj T-shirt, made from combed organic cotton, is a staple of any man's wardrobe.

The Jengo cargo pants are made from sturdy cotton in a zebra pattern, with elasticated cuffs at the bottom of the legs.

The Major II shirt is an expedition classic that's a must-have in any gear collection.

The Vagar backpack features a traditional canvas look with a light, washed-out patina and a 25-liter capacity.

Expedition footwear proven by years of satisfied customers and countless miles of well-trodden trails.
